WHAT IS HOSPICE?

Hospice is a concept of care for people with terminal illness designed to help them live as fully and comfortably as possible until they die. The emphasis is to relieve problems such as pain, fear, and lonliness. Services are provided at the patient's home and continue after the patient's death. If you are interested in learning more of the program or of becoming a Hospice volunteer, call Hospice of West Alabama, 345-0067.

LET'S JUMP ROPE FOR HEART

The all new Jump Rope for Heart, designed to aid the American Heart Association, will be held once again this year. Sponsored by the American Alliance for Health, Physical Education, Recreation and Dance, the contest is designed to benefit the cardiovasular health of students, to educate the general public about the benefits of a physical education curriculum, to foster a positive attitude toward lifelong exercise, and to enable students to participate in the fight against heart disease and stroke.

If you are interested in helping Shelton State participate, contact Lucy Kubiszyn.

TECHNICAL TALK

Three short courses offered by the Technical College Division are filled for Fall quarter. There are 37 students enrolled in Emergency Medical Technology and classes in the word processing and medical secretarial program are full.....This fall there are 28 students enrolled in the new LPN class which will be taught by Mrs. Fredd this quarter.....Five new micro computers have arrived that will be operational for the business education classes this quarter.....More news on high tech additions: The computers that will be added to the drafting program are being installed and will be incorporated into the program this quarter. After the student completes the regular drafting course, they will be introduced to computerized drafting.
